Name of the event: “Trash to Treasure”

Date of the event: 11/09/2024

Venue of the event: 1F3, Civil Block, SKIT Campus

Pictures of the visit

Trash to Treasure event was organized on 11th September, 2024. The aim of this event was to brief all the students of 2nd year with the knowledge of bridge designing, learn about the various type of bridges and the stability of the structure. As a civil engineer, it is required to construct a bridge which do not fall easily due to wind pressure and other loads which are acting on the structure:

- Structural design
- Sustainability of the structure
- Types of the bridges
- Safety and security concern taken for the structure
