Name of the event: Site Visit Under

Date of the event: May 07, 2024,

Venue of the event: SKIT'S C.S. Block Under Construction Building (Gate No. 1).

About the event: The construction site visit for civil engineering students was an enlightening experience, offering a glimpse into the practical world of construction. Guided by industry professionals, students explored various facets of project execution, from structural design to safety protocols. They witnessed that the coordination and collaboration required among stakeholders, gaining valuable insights into real-world challenges and solutions. This immersive experience not only deepened their understanding of construction practices but also inspired them to envision their future roles in shaping resilient and sustainable infrastructure. Students of II year attended the visit.
